

Balancing Numbers

Balance the equation so there is the same total on both sides of the equals sign.

$$\begin{array}{ccc} \textcircled{14} & & \textcircled{14} \\ 7+7 & = & 8+6 \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 8+4 & = & 9+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 6+7 & = & 8+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 7+2 & = & 6+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 2+9 & = & 4+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 5+1 & = & 0+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 6+8 & = & 7+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 4+2 & = & 3+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 5+6 & = & 7+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 5+5 & = & 3+ _ \end{array}$$

$$\begin{array}{ccc} \textcircled{} & & \textcircled{} \\ 4+6 & = & 1+ _ \end{array}$$
