

A.

$$\begin{array}{c}
 \text{mitten} + \text{mitten} + \text{mitten} + \text{mitten} = 16 \\
 \text{cup} + \text{cup} + \text{mitten} = 14 \\
 \text{snowman} = \text{mitten} + \text{cup}
 \end{array}$$

$$\text{cup} + \text{cup} + \text{mitten} = 14$$

$$\text{snowman} = \text{mitten} + \text{cup}$$

$$\text{mitten} = \text{---}$$

$$\text{cup} = \text{---}$$

$$\text{snowman} = \text{---}$$

B.

$$10 - \text{sled} = \text{sled}$$

$$\text{snowman} = \text{sled} + | + \text{sled}$$

$$\text{snowflake} - \text{snowman} = \text{sled}$$

$$\text{sled} = \text{---}$$

$$\text{snowman} = \text{---}$$

$$\text{snowflake} = \text{---}$$
